Welcome Junior Golfers

Foxfire Golf Club is offering junior golfers an opportunity to learn the game of golf. The program is designed for golfers of different age and skill levels. The primary emphasis of the junior program is to help juniors achieve a level of knowledge and skill to make the game more enjoyable. Instruction on golf techniques helps players develop their skills under the guidance of P.G.A. and L.P.G.A. golf professionals as well as outstanding players from the collegiate level.

The program is tailored to individuals abilities and needs. Emphasis is placed on teaching a golf swing that will work best for each player. Lectures, demonstrations, skill sessions and on course time will be featured during the program. Presentations of specific course management skills and proper practice habits will be covered to help enhance the players' development and performance. A major goal of the program is to teach players a solid foundation to help them build a golf swing that transfers from the practice area to the golf course.

The junior golf program here at Foxfire Golf Club promises to be a most enjoyable and rewarding experience for all the juniors participating. The goal of our program is to give juniors an integrated instruction program so that their efforts to improve one phase of the game produce similar success in other areas. So come join us for what promises to be a great summer program. We will provide outstanding coaching and facilities in a serious, but fun learning environment.

Sincerely,

Brian Barnett
P.G.A. Golf Professional

Information

The junior golf program here at Foxfire Golf Club is designed for boys and girls 6 to 18 years of age. The junior golf program is sure to provide a safe, challenging and informative summer of golf for your young golfer, regardless of their skill level.

Programs

ROOKIE—Designed for the true beginning golfer. A fantastic way to introduce your youngster to the game of golf. Some of the goals and objectives for this program will be:

- Sportsmanship and Honesty
- Basic Rules and Etiquette
- Skill and Strategy
- Competition
- Safety

INTERMEDIATE—This program is for the junior golfer with experience in golf. Juniors in this group will cover all the goals and objectives from above, but at a faster pace. This program will cover: Full Swing, Short Game and some course management skills. This program has two major goals: 1) To develop junior players full swing and short game skills, and 2) to provide juniors with some on course opportunities that will enhance their golf experience. The amount of time spent on the course will depend on the development of the players and course availability. The overall emphasis of this program will be placed on the teaching of the golf swing that will work best for each player, and serve him/her to the best of their capabilities.

ADVANCED—This program is designed for the junior player who is looking to compete at the middle school, high school or college levels. This program will provide instruction and competitive events throughout the course of the summer. A heavy emphasis will be placed on the rules of the game, course management, skills, strategy and much more. The main goals for this program are: 1) To enhance the junior golf abilities in individual and group settings, and 2) to provide a stage to test one's abilities. There will be weekly events and skill test to challenge one's abilities with the rest of the group. Each player in this group must be able to: 1) Carry their golf bag for 9 holes (Pull cars are OK), 2) Be able to accurately keep their score, and 3) Have basic knowledge of how to maneuver their way around the golf course. The idea of this program is to help juniors understand where they are in relationship to other juniors of their age and skill level.
